# E&A's AU-Series Wins Best Product Award at ELECRAMA 2014

The design and development capabilities of L&T's Electrical & Automation (E&A) earned rich recognition at ELECRAMA 2014 when its AU-Series of Final Distribution Products was declared winner of 'The Best Product developed by an Indian Exhibitor' Award. The award ceremony was held at The Exhibitors Nite - JOSH 2014 on January 11, 2014 at the Bangalore International Exhibition Centre.

The jury comprising technical experts lauded the innovation that went into designing the products, its usability in the long run, and energy saving potential.

L&T emerged the winner from 75 entries. ELECRAMA, regarded as the world's largest confluence of the power transmission and distribution community, showcased products and technology conforming to global standards and specifications through the entire voltage spectrum.

The award was received by Mr. Tapan K. Tripathy, Joint General Manager, Switchgear Design & Development Centre, and Mr. Shantanu Chidgopkar, Senior Manager, Product Management, Electrical Standard Products, from Mr. Aditya Dhoot, Vice Chairman, ELECRAMA 2014.
