Larsen & Toubro wins ₹ 2085 Cr Al -Batinah Expressway Project

Mumbai, July 17, 2013: The transportation infrastructure business of L&T made a major breakthrough in its international business by bagging a new order worth **riyal Omani 135.6 million (₹ 2085 crore)** from the Ministry of Transport and Communications, Sultanate of Oman, for the construction of the Al Batinah Expressway Package 4.

The project is scheduled to be completed in 36 months and involves building a 50-km, four-lane dual carriage expressway, two grade separated interchanges, seven overpass, five wadi bridges and cross drainage works, as per international standards.

This order was won against stiff international competition and augers well for L&T's expansion in international infrastructure. L&T has been making significant strides in the area of roads and bridges both in the international and domestic markets through its well-established capabilities in design, engineering, project execution and construction, quality and safety standards and on-time delivery.

Background:

Larsen & Toubro is a **USD 14 billion** technology, engineering, construction, manufacturing and financial services conglomerate, with global operations. It is ranked 4th in the global list of Green Companies in the industrial sector by the reputed international magazine *Newsweek*, and ranked the world's 9th Most Innovative Company by *Forbes International*. L&T is one of the largest and most respected companies in India's private sector. A strong, customer-focused approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business over seven decades.
