L&T (Oman) secures orders worth Rs. 5182 million

Mumbai, May 19,2009: Larsen & Toubro (Oman) LLC, Muscat, has bagged three orders aggregating Rs. 5182 million. Out of this, two orders valued at Rs. 4135 million are meant for execution of Power Transmission & Distribution projects and another order valued at Rs. 1047 million is for execution of Infrastructure works in Sultanate of Oman.

The company secured a Rs.2074 million (RO 16.058 million) Engineering, Procurement & Construction (EPC) order from Rural Areas Electricity Company SAOC, Oman for 33/11 kV Substations and 33 kV Distribution network at Al Duqm area in Al Wusta Region. The project is to be completed in 18 months.

It won a Rs. 2061 million (RO 15.958 million) order from Oman Electricity Transmission Company SAOC , for the construction of 132/33 kV Grid Station at Wadi Sa'a in Buraimi Governorate of Sultanate of Oman including Construction of 220 kV interconnection transmission line between Mahadah (Al wasit) Grid Station and Seh Al Makarim Grid Station, to be completed in 15 months.

The company also bagged a Rs.1047 million (RO 8.106 million) order from Oman Tourism Development Company SAOC, for the construction of Infrastructure and Hard Landscaping works for the Second Asian Beach Games in Muscat where the company is already executing the main package. This additional scope of work is to be completed in 15 months.

Larsen & Toubro (Oman), a subsidiary of L&T International FZE is a leading construction company in Oman and it has been making a significant contribution to the country's infrastructure development on various fronts for more than a decade.
