L&T Construction Awarded (Significant*) Contract for its Water & Effluent Treatment Business

Mumbai, March 04, 2020: The Water & Effluent Treatment Business of L&T Construction has secured an order from a prestigious client in the Sultanate of Oman for the design and execution of a water infrastructure project to enhance the Al Dhakhliya Water Transmission System, Phase - II.

This is a repeat order from the client and has been secured under international competitive bidding.

The scope of work includes 173 km of pipelines for water transmission with associated civil works, 18 RCC water storage reservoirs, 5 pumping stations with associated Mechanical, Electrical, Control and Instrumentation works.

Background:

Larsen & Toubro is an Indian multinational engaged in technology, engineering, construction, manufacturing and financial services with over USD 21 billion in revenue. It operates in over 30 countries worldwide. A strong, customer-focused approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business for eight decades.
