L&T Construction Wins Orders (Large*) for its Power Transmission & Distribution Business

Mumbai, August 23 2023:

The Power Transmission & Distribution Business of Larsen & Toubro has secured new orders in the Middle East.

In the United Arab Emirates, the Business has received an order to establish a 220kV Gas Insulated Substation and associated Transmission Lines from a well-established service provider to the energy industry.

Further, orders to establish 2 New 132kV Substations have been received from a public services infrastructure company in Dubai and another order to build a 220kV overhead Transmission Line has been secured in the region.

In Kuwait, an order has been secured for turnkey construction of 4 new 132kV Substations in the Al Sabah Medical District. The scope also includes associated Control, Protection, Automation and Communication systems and related Civil & Mechanical works.

Additional orders have been received in the ongoing jobs in Qatar and Saudi Arabia.

Background:

Larsen & Toubro is a USD 23 billion Indian multinational engaged in EPC Projects, Hi-Tech Manufacturing and Services. It operates in over 50 countries worldwide. A strong, customer-focused approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business for eight decades.
