L&T to build a Major(*) Expansion Project for a reputed Steel Producer in MENA Region

Mumbai, February 04, 2025: The Minerals & Metals (M&M) business vertical of L&T will set up a Pellet Plant and a Direct Reduction of Iron (DRI) Plant for a client in the Middle East & North Africa (MENA) region. These pertain to a major order secured earlier from the client - a leading steel producer in MENA and are part of the global initiative towards decarbonisation.

The scope of work includes design-build Pellet and DRI plants encompassing engineering, supply, erection and construction works based on globally acclaimed technologies. L&T has been involved in many landmark iron and steel manufacturing plants globally, and these new projects reaffirm its expertise in delivering design-build steel plants.

“This reflects M&M’s leadership position in successful execution of complex iron & steel plant projects in the MENA region. It further demonstrates the unwavering commitment of M&M in delivering steel plant projects conforming to international standards in quality, safety, and on-time completion,” **said Mr D K Sen, Executive Committee Member and Advisor to the CMD, L&T.**

L&T’s M&M vertical offers world-class end-to-end solutions in EPC domain across sectors such as mining, minerals processing, industrial products and metallurgical plants. Its product business provides cost-effective end-to-end solutions for industries such as mining, cement, construction, steel, fertilisers and ports.

Background:

Larsen & Toubro is a USD 27 billion Indian multinational enterprise engaged in EPC Projects, Hi-Tech Manufacturing, and Services, operating across multiple geographies. A strong, customer-focused approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business for eight decades.
